ABOUT THE COMPANY:

In its 48th year of service, Dallas-based **Southwest Airlines** (NYSE: LUV) continues to differentiate itself from other air carriers with exemplary Customer Service delivered by more than 58,000 Employees to a Customer base topping 120 million passengers annually, in recent years. Southwest became the nation's largest domestic air carrier in 2003 and maintains that ranking based on the U.S. Department of Transportation's most recent reporting of domestic originating passengers boarded. During peak travel seasons, Southwest operates more than 4,000 weekday departures among a network of 99 destinations in the United States and 10 additional countries. Southwest has announced its intention to sell tickets in 2018 for service to Hawaii, subject to requisite governmental approvals.

Southwest coined Transfarency® to describe its purposed philosophy of treating Customers honestly and fairly, and low fares actually staying low. Southwest is the only major U.S. airline to offer bags fly free® to everyone (first and second checked pieces of luggage, size

and weight limits apply, some carriers offer free checked bags on select routes or in qualified circumstances), and there are no change fees, though fare differences might apply. As launch Customer of the Boeing 737 MAX 8 in North America, the Company operates the largest fleet in the world of Boeing aircraft. Customers who connect to the WiFi network may use their personal devices to view on-demand movies and television shows, as well as nearly 20 channels of free, live TV. With a bold new look first unveiled in 2014, Southwest is progressing through a multi-year refresh of its fleet to showcase the carrier's *Heart*: a new logo, aircraft livery, interior design featuring new seats, Employee-designed uniforms, and an updated airport experience, all of which showcase a dedication of Southwest Employees to connect Customers with what's important in their lives.

From its first flights on June 18, 1971, Southwest Airlines launched an era of unprecedented affordability in air travel described by the U.S. Department of Transportation as "The Southwest Effect," a lowering of fares and increase in passenger traffic wherever the carrier serves. With 45 consecutive years of profitability, Southwest is one of the most honored airlines in the world, known for a triple bottom line approach that contributes to the carrier's performance and productivity, the importance of its People and the communities they serve, and an overall commitment to efficiency and the planet. HISTORY:

Southwest Airlines was incorporated in Texas and commenced Customer Service on June 18, 1971, with three Boeing 737 aircraft serving three Texas cities—Houston, Dallas, and San Antonio—and grew to become a major airline in 1989 when it exceeded the billion-dollar revenue mark. In 1994, Southwest became the first major airline to offer ticketless travel. In 1996, Southwest became the first major airline to post a website with the launch of our "Home Gate." Southwest topped the monthly domestic originating passenger rankings for the first time in May 2003. In 2013, Southwest started its

- In 2017, the Company's average aircraft trip length was 754 miles with an average duration of two hours and two minutes.
- In 2017, Southwest aircraft flew an average of just over five flights or just above 11 hours per day.
- Southwest was the launch customer for the Boeing 737-700 in 1997. Southwest also was a launch customer for the Boeing 737-500 and 737-300 series aircraft. And, in December 2011, Southwest announced it would be the launch customer for the Boeing 737 MAX.
- Southwest's 737-800 aircraft also feature Boeing's Sky Interior. The Boeing Sky Interior offers a quieter, more comfortable environment for Customers, with taller ceilings and more overhead bin space, improved operational security features, and ambient LED reading and ceiling lighting, which is more effective as well as energy efficient and adaptable to the mood onboard the aircraft.
- Most of Southwest's 737-800s are equipped with Split Scimitar Winglets, and the Company is currently replacing the Blended Winglets with Split Scimitar Winglets on many of its 737-700s. The Split Scimitar Winglet adds new strengthened stringers at the wing, aerodynamic scimitar tips, and a large ventral strake to the existing Blended Winglet while also providing additional incremental fuel savings beyond the approximate 3.5 percent per aircraft from Blended Winglets. In total, the Company's winglet program saved nearly 79 million gallons of fuel in 2017. In 2017, Southwest introduced the Boeing 737 MAX 8 into its fleet featuring the Advance Technology Winglet.
- In 2013, Southwest became the first and only carrier to offer gate-to-gate connectivity. Customers may use small portable electronic devices (PEDs) in "airplane mode" from gate to gate. This means Southwest Customers may use the airline's onboard WiFi, and can stay connected from the time they step onboard a Southwest plane to the time they exit.
- On Southwest aircraft that are enabled to provide satellite-based broadband internet, Customers are able to enjoy free live and on-demand TV compliments of the Company's valued partners as well as \$5 movies throughout their flights, without interruption if on a mobile device or tablet due to our gate-to-gate connectivity. Customers do not need to purchase WiFi in order to access other entertainment selections within the Portal. Also, Customers can purchase Messaging service for \$2 and have access to iMessage, WhatsApp, and Viber.
